Congratulations to the following faculty and staff who have been recognized by a member of our campus community for strengthening our institutional culture and modeling WSU values

Alan Blair & Karen Leary

Information and Instructional Technology & Human Resources

Alan Blair and Karen Leary were guest bartenders during homecoming weekend to support campus events and partner with Dining. Thank you, Karen and Alan, for your commitment to supporting campus and engaging with Dining to serve our community. Hoot! Hoot!

Alex Simisky

Information and Instructional Technology

Admissions would like to recognize Alex for putting in an incredible amount of work to put together a welcome video for our Open House. Alex was able to create a video that welcomed families, energized a room, and brought campus to life. He did this with limited video footage, a bunch of questions and edits sent his way, and on top of all his other responsibilities. The finished product was truly remarkable and is more than we could have hoped for. Thank you Alex!

Enrollment Management and Student Affairs would like to recognize Alex for putting together our new admissions 'anthem' video. He did it quickly and managed to create a dynamic and engaging video which we will use with every new visitor to campus! Excellent work.

Kate Shea, Brett Dooley, Philecia Strauss & Isabella Valadas

Admission

When the Admission Office found themselves short a person during our busy travel season, this group stepped up in a big way. Their first question was "how can I help cover?" and made sure that we were able to keep our travel season going strong. They did this without reservation, and worked to accommodate extra visits into their calendars. Their commitment to the University and its success is well demonstrated, and without them, we would truly be lost. We couldn't ask for a better Admission team!
